

# Higher Education Resources Form\*

(\*to be completed by service recipients)

As a Community Partners AmeriCorps member, part of your job is to raise community awareness of the resources available from your campus.

Resources take many shapes and forms, and may include: Child Care, the Financial Aid Office, the Office of Community Involvement or Civic Engagement, faculty members and staff, libraries, computers and other technology, space for meetings and the many other tangible resources available to community members. If your service has been exclusively with young people, please ask a parent to complete the form below.

Please remove the bottom half of this document and request that at least one service recipient complete it and return it with your exit paperwork.
